## **GENERAL INSTRUCTIONS TO BIDDER**

### **1.1 AWARD OR REJECTION OF BIDS:**

The Bid will be awarded to the lowest responsible bidder/s complying with conditions of the invitation for Bids, provided his/her bid is reasonable and it is in the best interest of SAPA in accepting such bid. SAPA reserves the right to award the bid as line items to bidders with the lowest price meeting specifications as stated in the RFB. The bidder to whom the award is made will be notified at the earliest possible date. SAPA, however reserves the right to reject any and all bids, and to waive any informality in Bids received whenever such rejection or waiver is in the interest to SAPA.

### **1.2 EVALUATION OF BID - BASIS OF AWARD:**

All purchases which are based on Competitive Invitation to Bids are awarded to the lowest, responsive bidder subject to SAPA's right to reject any or all bids and to waive informality and irregularity in bids and bidding. In addition to price, consideration will be given to the following items determining the lowest, responsive bidder:

- » The best interest of SAPA members
- » The quality and performance of the goods or services to be supplied
- » Conformity to specifications
- » Delivery time (if applicable)
- » Other unique requirements outlined in the Request for Bid
- » Comparison of two or three common items SAPA members use

### **1.3 COMPLIANCE:**

All bid components will comply with Federal, State and Local laws, ordinances, codes and regulations. The awarded Vendor will be responsible for insuring that all items meet specifications before delivery. Awarded vendor will make no substitutions for bid items without prior written approval of SAPA or SAPA member.

#### **1.3.1 ORDERING:**

SAPA member will place orders as needed and will not guarantee any particular quantity of items, parts, or equipment will be ordered. Many items are being bid that one vendor

most probably will not be able to supply. Because of the number of items and various nature of products bid, there may be more than one vendor that will be selected. Items you bid should be at your disposal and may be needed within a short time depending upon the needs of SAPA Members. When you bid on an item, it will be understood by all parties that you will have item in your possession or will secure such item/s within a minimum of two hours from the time the order is placed. If such item/s cannot be secured within a reasonable time period, the next lowest bidder meeting specifications will be contacted and if item is available, the order will be placed with that vendor. The original vendor's order will be considered null and void because item is not available.

**1.3.2** If Awarded Vendor fails to deliver amount ordered within a reasonable amount of time, the SAPA member reserves the right to procure needed, comparable items from another source, and may bill the Awarded Vendor for associated expenses generated by such failure.

#### **1.4 DELIVERY:**

**1.4.1** All orders should be delivered as soon as possible, but not more than twenty-four (24) hours after receipt of order (ARO). If more time is needed in order to receive order, the SAPA member must be contacted immediately. It will be determined by the SAPA member if more time is acceptable or if order will be canceled and the next lowest bid will be made. Order will ship to the awarded bidder. Partial shipments are acceptable only if authorized. Items will be delivered to the address on the Purchase Order unless otherwise noted. All freight charges must be paid by the vendor. If equipment such as parts is delivered, an itemized delivery ticket including the purchase order will be clearly referenced thereon, to SAPA member receiving personnel for signing such ticket.

**1.4.2** All invoices must agree with the purchase order in description and price and include the following information:

- Purchase Order Number
- Ship to department name and address

**1.4.3** In order to ensure prompt payment, all original invoices must be sent.

**1.4.4** F.O.B. SAPA Member's location as directed by order.

#### **1.5 MEMBER MAY OPT TO PICK UP ITEM/S NEEDED:**

SAPA Members may prefer to pick up item/s or parts as needed.

**1.6 EMERGENCY SITUATION:** During any emergency such as a major storm or other event, items needed may be critical to the protection of life and property. Because of the nature of some items, time may play a critical role in the acceptance of a bid or bid item

that has met specifications of SAPA, though specifications and pricing stated will be considered.

## **2.0 INSURANCE:**

Contractor, at its sole expense, shall obtain and maintain in full force the following insurance to protect the Contractor and the SAPA Member at limits and coverage's specified herein. The SAPA Member may list "additional insured" on all applicable certificates.

## **3.0 PAYMENT:**

Invoices, upon completion of service and delivery of materials specified in the applicable purchase order, Awarded Vendor will submit an invoice and signed delivery ticket to the SAPA Member's address as specified by that member. SAPA Member's Purchase Order Number must be written on all paperwork along with the invoice. Other reasonable additional instructions may be given by SAPA Member.

## **3.1 PROOF OF DELIVERY:**

It is the responsibility of the supplier to provide proof of delivery of merchandise. Proof of delivery required would consist of a *signed delivery ticket* by a designated representative of the department item is delivered to.

## **3.2 COLLUSION:**

If there is any reason for believing that collusion exists among the Bidders any or all proposals may be rejected, and those participating in such collusion may be barred from submitting bids on the same or other work affiliated with SAPA or the SAPA Member.

## **4.0 CONTRACTS**

**4.1** The Request for Bid, Vendors Bid, the acceptance of the bid whether in part or whole, and the Notice of Award to the successful vendor shall constitute a contract unless otherwise noted.

### **4.2 Term of Contract**

It is the desire of SAPA that this contract remain in effect for a period of one (1) year with an option for two (2) additional years, beginning on the first day of purchase of the award subject to funding for the various "SAPA" members on a year-to-year basis.

#### **4.3 Provision For Price Increase in Contract Extension**

Prices offered shall be firm against any increase for one year from the date of award. Prior to the commencement of subsequent renewal periods, it shall be the Contractor's responsibility to send written notification thirty (30) days in advance of any requested price changes providing documentation as to why the price increase. SAPA reserves the right to grant or deny the request for a price increase.

#### **4.4 Contract Commencement**

Successful vendor shall immediately, upon *Notice of Award* proceed to secure any equipment, services, or other items bid, proceed with the execution of the contractual services of this proposal.

#### **4.5 Termination of Contract**

If, for any reasons, or through any cause within reason, the Contractor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Contractor violates any of the covenants, agreements, or stipulations of this Contract, SAPA and/or the SAPA member may terminate the contract by a 30-day written notice, in whole or in part.
